## Goldens Give Back

Love a Golden Rescue Alumni give back in many ways, whether it is giving lots of love, Community service, competing in the obedience ring or being a great friend, they are all very very special. Following are a few stories about some adopted Goldens:

Sebastian - Sebastian came to rescue in late 2005 because his prior family no longer had the time to spend with him. Sebastian quickly won a place in the hearts of his foster family and then went on to a new life in a very loving home with a Golden "sister" Sierra. Sebastian enjoys meeting new people and views everyone as his friend. He puts this talent to work in making visits to School 14 in Indianapolis as part of the Junior Achievement program for 1st graders. He and Sierra so enjoy meeting the children. They were active in the program last year and expect to go back again this year. Sebastian also makes visits to nursing homes and is very excited to meet everyone there. In his spare time, Sebastian enjoys spending time on the couch watching sports and also trips out and about.

Brady - "Brady, hup" Brady hears the command and runs forward, flies over the 4 foot long broad jump, lands safely and then turns and runs to sit in front of me, waiting the next command to go sit at my side. Brady makes it look easy at the obedience trial, but it has been a

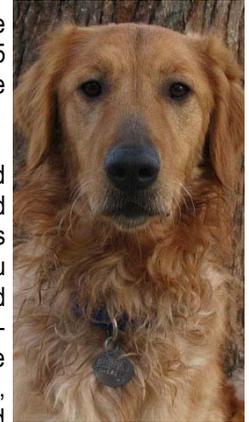

long and rewarding journey for him to learn the many skills and exercises for competitive obedience and rally. I met Brady not long after he was turned into rescue as a young adult in 2002. His prior owners called him "uncontrollable." He was very active and very eager to play with the ball or toys. He also was very friendly but unsure of himself in new places. He was so afraid to go into a pet supply store that he would slink and not eat treats when inside. Since then, we have spent lots of time training and hanging out at new places. We both get our exercise. We cover a lot of ground very quickly when we "heel." Who needs to go to the gym when you have a dog like this?? Brady is very eager to do what I want and with lots of time and effort on both our parts and with everything happening to come together, he went to the Golden specialty in St Louis and took first both days in his Open A obedience class. The best part was that he was working with me, showing what a great teammate a Golden can be.

Taz - Taz is the three legged wonder, he is a Therapy dog visiting Rankin Jordan Rehab with a Support Dogs, Inc team, he is a blood donor and donates every three months, a Love a Golden ambassador and his greatest love is going to Griffith Elementary school each Wednesday to listen to the 1<sup>st</sup> and 2<sup>nd</sup> graders read. Wednesday is now known as Taz Day. The kids look forward to when it is *their* turn to read to Taz, six at a time sit in a circle and read aloud to Taz while he lays on the floor in the midst of the children. If they read softly they are told Taz cannot hear them and they speak up, if they stumble over a word, they know Taz will understand. They know Taz is a fun loving guy and sneak pets when they can and he wags his tail. Over the months a love affair has developed, Taz never forgets to send a thank you to the children when they made him cards for Valentine Day and his birthday. Taz was named as Outstanding Rescued Golden of the year for 2006 at Golden Retriever Nationals in Kansas City where he received the G.R.A.C.E Award.

# Golden Give Back con't

Rocco - Rocco has been a very busy boy since his adoption two years ago. He has been a teacher - 4-H's Dog Bite Prevention classes, and puppy and beginning classes at Westinn Kennels. He has been a student and has earned 5 degrees! (Canine Good Citizen, Therapy Dog International, Rally Novice, Rally Advanced and Companion Dog.) He has also had fun with agility and field work and loves to swim!

Winston - Winston became a Therapy dog in April 2003. He attended 12 weeks of classes at Support Dog Inc, since then he has visited patients at Shriner's in St Louis, Rankin Jordan Rehab and St Johns Skilled Nursing. Winston is one of the most serious Golden's you could ever meet and he takes his job very seriously. He has visited hundreds of people, and received many smiles and helped many people fill the void who are missing their dog while being in hospital. One particular visit will always be remembered there was a stroke patient, who was unable to open her eyes. Winston came to the room and rose to the bed, the family encouraged the patient to look at the dog, after a while she opened her eyes and touched Winston. These special moments do not happen often but when they do

they touch your heart.

Brando - Brando is six years old and has been a therapy dog for two years. He has done visitation at Missouri Baptist Hospital acute rehab unit and Delmar Gardens - Chesterfield. He was trained at Support Dogs and went through their 12 week training program. These dogs seem to have enhanced understanding of the patients that they visit. This was demonstrated one day at Missouri Baptist Hospital. I took Brando into one room and he acted funny, like he didn't want to be there. He didn't want to do a rise to the bed and get close to the patient. I wasn't sure what to do and luckily some family members came in the room and we left. I wondered if maybe he wasn't feeling well but took him into the room across the hall next. There was a small man who had had both legs amputated at the hip lying on his back. I asked if he wanted to be visited by Brando and he nodded. Brando immediately did a rise to the bed and immediately laid the side of his head gently on the center of his chest. He closed his eyes and kept them shut and didn't move. The man seemed touched and petted his head. Nobody spoke. This went on for at least 15 minutes. I finally had to call Brando down so we could continue down the hall. I was surprised as I had never seen him react this way before or since. I don't know what that man was feeling in those moments but I think Brando knew and he tried to help him.

## PENNY WAR

During the month of February, five classes at Griffith Elementary School collected pennies for Love a Golden Rescue. In a month, their grand total was just over \$300.

On a weekly basis during morning announcements, it was announced over the loudspeaker who was in the lead. Each week the jars were weighed. The group with the heaviest load was the winner. The competition was fierce at times; some of the students would bring in nickels, dimes and quarters, even dollar bills, to add to their jar. The teachers would remind them it was how *heavy* the jars were, not the amount of money, that counted. Some of the teachers (who were even more competitive than the kids at times) would take the quarters and the dimes and nickels and exchange them for rolls of pennies.

The classes that participated were Mrs. Gray's kindergarten class, Mrs. Wicks' and Ms. Hogan's third graders, the Safety Patrol, and Mrs. Roslawski's fourth grade class. The winning class had a pizza and soda party. The other classes got to enjoy a popcorn party.

If you have a connection to a school---maybe your child attends one, or you or your child teaches at one, or you volunteer at a school---perhaps you could spearhead a penny drive...The winner could be the one with the most pennies, or the classes could have fun putting pennies in other class jars. Then the winner would be the one with the least pennies.

Submitted by Sioux Roslawski

Note: A special thank you to Sioux for organizing the Penny War

### **LILLA**

Lilla is learning about how wonderful life can be. Before coming to rescue, her life revolved around having puppies. She is now beginning to enjoy being a house dog and companion. She is shy of new situations but longs to be petted and loved. She is approximately four years old and looks forward to a great life with a family who will be patient and continue teaching her as she blossoms

### **SAWYER**

What a face! Sawyer's brown eyes can melt your heart. He is a sweet and active senior Golden, probably around 9 years old. He has a rich dark red coat with gray on his face. He is on the smaller side for a male Golden, weighing around 60 pounds. Since coming to rescue, Sawyer had entropion surgery to correct his eyelids turning under so that his eye lashes rubbed his eyes. Now his eyes feel so much better! Sawyer (or "Soy Sauce" as he is nicknamed in his foster home) is a wonderful dog who just wants to be

loved. Sawyer would like to have a home where he could hang out with someone and go places and be a part of things.

## **PRESIDENT'S MESSAGE**

Hi,

We're looking forward to seeing a lot of the Love A Golden "alums" at our annual reunion June 23rd. We hope you and your adopted Goldens can come.

Last newsletter I told you about 11 year old Bessie who had an isolated life in a pen. After coming to rescue, she was spayed, had a mastectomy to remove a grapefruit-sized lump, and had surgeries on a blocked salivary gland. Through it all, she has impressed everyone with her upbeat attitude and her friendly demeanor. She loves outings and was even on tv when the rescue visited Show Me St Louis to promote our garage sale. Bessie is ready for a new home of her very own and hopes a loving family will open their hearts to her.

Among our other current foster dogs, young PK is awaiting hip surgery and could use your good thoughts and support. PK came to rescue from a shelter with his purebred Golden mother. He is a very large black Golden mix who we think may be part Newfoundland. Because he was much quieter than the typical puppy, we had his hips checked. Unfortunately they are very bad and causing him a lot of discomfort. Hip surgery should resolve the problem. In the meantime, he is on medication and also receiving acupuncture and massage therapy to help ease his pain. We're looking forward to his being able to romp and play like a typical youngster in his own home.

We're an all-volunteer nonprofit group and rely on you to make happy endings happen for these wonderful dogs. Thank you for your help and support.

With Golden thoughts,  
Kathy Hackmann

## **A NOTE FROM ROCKY**

My name is Rocky and I'm a 6 yr. old Golden Retriever. My mom is Marcia Berry and she is a volunteer with "Love A Golden Rescue". She and all the other volunteers are always trying to find different ways to raise money to help all the Golden Retrievers not as lucky as I am. Well, I decided to help too. Dean Koontz (a famous author, my mom has all his books) has a really cute Golden Retriever named Trixie. She's an author too, and has written two books (helped by her dad, of course). A while back, I received a package from Trixie. She sent me her first book, "Life is Good" for "Love A Golden Rescue" to auction off at trivia night. She even autographed it (so did her dad, Dean Koontz)!!! Also, in her letter to me, she said she thinks I'm cute (my mom sent her pictures of me and a LAGR calendar when she mailed my letter). I think I'm in love!!

I hope a lot of people bid on Trixie's book so I can help other Goldens to be happy like I am.

# LOVE A GOLDEN RESCUE - BENEFACTORS

Love A Golden Rescue would like to take this opportunity to thank all of our benefactors who, since the publication of our last newsletter, have given new "forever homes" to our homeless Golden Retrievers and who have generously helped our Golden Retrievers with their financial support, gifts in kind and donated services.
